A pipeline for newly trained faculty/administrators to submit proposals and to attend national and state conferences is established. Participation at national/regional conferences bring recognition to TN. A platform for utilizing previous faculty to serve as trainers a new faculty is established. A new group of SL mentors in Promise program is established. Activities meet the strategic goals to increase, expand, and sustain learning utilization to address needs. Large scale networking activities training events and presentations generate new resources for TNCC program services and website. Activities enable TNCC to provide sustained level of relevant direct support for the beneficiary population CNCS-supported organizations.
